

MOTOR OIL ADDITIVE

SN90113-KS-34905

MOTOR OIL ADDITIVE boosts the engine oil viscosity and strengthens the oil film, preventing metal to metal contact and wear. KROSS Motor Oil Treatment is formulated from high quality base oils and polymers.

BENEFITS

- Increases the viscosity of the engine oil resulting in higher oil pressure and compression.
- Reduces engine wear.
- Prevents engine noise.
- Reduces oil consumption and blue exhaust smoke.

USAGE

For all gasoline, diesel and LPG engines with or without turbochargers. Can be mixed with all commercially available engine oils. Does not clog filters and is not harmful for catalytic converters.

DIRECTION

Add contents of one bottle to the warm motor oil, preferably shortly after oil change. Make sure the oil contents do not exceed the maximum oil level in your engine.

DOSAGE

One bottle treats 4 to 6 litres of motor oil.
