## QUICK MOTOR START

SN90121-KS-34650

**QUICK MOTOR START** ensures quick, reliable engine starts in cold and moist circumstances. Makes the battery last longer and prevents premature wear of the starter.

### BENEFITS

- Enables quick starting of petrol and diesel engines.
- Especially effective with cold starts during cold or wet seasons.
- Prevents carburettors from freezing.
- Applies easily.

### USAGE

In cars, trucks, agriculture and industry applications.

### DIRECTION

Shake well before use.

For petrol engines: spray into the carburettor or vacuum hose.

For diesel engines: spray into the air inlet. Spray moderately to avoid excessive fluid and uncontrolled running of the engine.

### DOSAGE

To be used whenever required.

### TECHNICAL SPECIFICATION

Test	Unit	Average value
Density	g/cm <sup>3</sup>	0,61
Packaging form		Aerosol
Flash point	°C	n.a.
Ignition temperature	°C	>200°C
Colour		Clear, Colourless
Odour		Characteristic
